## A PERSONAL WORD TO OUR FRIENDS AND CUSTOMERS

**H**EALTHY, hardy stock and fair dealing are the principles on which we have built the thriving business we now enjoy. In view of the present economic conditions, we have made our prices as low as possible. In a very few cases we have raised slightly, due to extreme scarcity of those items, but in many instances have lowered prices materially.

When buying from J. V. Bailey Nurseries direct you save the commissions paid to agents and know for a certainty that you are getting high quality stock from a nursery that has a high standard to maintain.

### TERMS OF SALE

Cash with order or will accept one-fourth of purchase price in advance and ship goods C. O. D. for the balance. All stock priced F. O. B. St. Paul or at nursery.

We use the greatest precautions to have everything we send out true to name, but in the event the nursery stock or any part of it, sold by J. V. Bailey Nurseries, should prove to be untrue to the name under which it is sold, or prove not to be of the kind or quality of nursery stock it was sold for, or ordered for, a replacement of the stock as originally ordered, or intended to be sold, without charge therefore, or a refund of the purchase price, shall be a completed and entire satisfaction for any and all liability therefore of the seller, and such replacement or a refund of the purchase price it is agreed shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises. Except for such limited liability as herein set out, the seller, J. V. Bailey Nurseries, gives no undertaking or warranty expressed or implied as to the description, quality, growth, productiveness, or any other attribute of the nursery stock sold by J. V. Bailey Nurseries. This statement contains all the agreements between the parties, and there are no verbal agreements or representations with respect to the same except as herein set out.

### REPLACEMENT

Any material failing to grow, will be re-supplied at one-half the original cost of the stock, provided we are informed of such failure prior to October 1, 1935.

**A Certificate of Inspection Accompanies Each Order.**

## HARDY SHRUBS

OUR homes become homes in the true sense, only when they are planted. Ornamental shrubs are the foundation of all landscape plantings. We offer a wide selection of varieties with which to beautify your home and garden. Take advantage of our low prices and landscape your grounds this year. Send for our complete Planting Instruction Booklet.

*Philadelphus, Virginal*

**Almond, Double Flowering**—The double rose-like, pink flowers cover the branches in May. Somewhat superior to Flowering Plum except for hardiness.

3 to 4 ft., 75c each; \$6.50 per 10. 2 to 3 ft., 60c each; \$5.00 per 10. 18 to 24 in., 40c each, \$3.25 per 10.

**Barberry, Japanese**—This low growing plant is best used as a border where the view of other objects is not to be obscured. It is a spreading plant with beautiful foliage that turns a scarlet in the latter part of the season. A hardy plant that needs very little attention in the landscape planting.

18 to 24 in., 35c each; \$3.00 per 10. 12 to 18 in., 25c each, \$2.10 per 10.

\*See Hedge Plants also.

**Barberry, Redleaf**—A new plant similar in every respect to the Japanese Barberry except that it has red leaves all summer. Its deep red leaves add a note of color and contrast to any planting.

18 to 24 in., 60c each; \$5.00 per 10. 12 to 18 in., 40c each; \$3.50 per 10.

**Barberry, Truehedge Columnberry**—A new introduction, offered for the first time. Similar to Japanese Barberry, except that the branches grow upright forming a pyramidal shrub. Asexual reproduction prohibited under plant patent No. 110.

9 to 12 in., 60c each; \$5.00 per 10.

**Beauty Bush**—A very graceful shrub, covered with small pink flowers in May. Height, about 5 feet.

2 to 3 ft., 40c each; \$3.50 per 10. 18 to 24 in., 25c each; \$2.10 per 10.

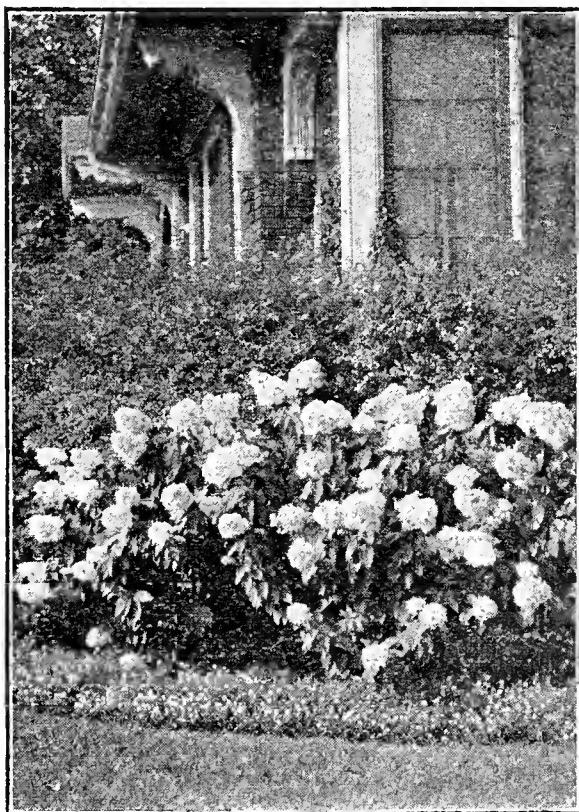

**Buckthorn**—A vigorous growing shrub attaining a height of about 8 feet.

3 to 4 ft., 50c each; \$4.25 per 10. 2 to 3 ft., 30c each, \$2.50 per 10.

\*See Hedge Plants also.

**Butterfly Bush**—A perennial in this climate. Of rapid growth with very green foliage and attractive lilac flowers. Blooms from June to October.

3 to 4 ft., 75c each; \$6.25 per 10.

*Hydrangea Peegee*

Spirea Anthony Waterer

**Burning Bush (Winged)**—Spreading in growth, with peculiar corky bark along the branches. Leaves small, oval. Berries scarlet, very ornamental. The foliage turns a most beautiful crimson in autumn. Height about 6 feet. 4 to 5 ft., \$1.75 each; \$15.00 per 10. 3 to 4 ft., \$1.25 each; \$10.50 per 10.

**Caragana**—On account of its extreme hardiness this shrub is well adapted to dry exposed conditions. Height 8 to 10 feet. 3 to 4 ft., 60c each; \$5.00 per 10. 2 to 3 ft., 40c each, \$3.50 per 10.

\*See Hedge Plants also.

**Cotoneaster**—An attractive, beautifully formed shrub with thick, glossy leaves, turning to red in the fall. Small white flowers in early summer followed by large black berries which remain on the bush nearly all winter. Perfectly hardy, 2 to 3 ft., 40c each; \$3.50 per 10. 18 to 24 in., 25c each, \$2.10 per 10.

\*See Hedge Plants also.

**Crab, Bechtel's Double Flowering**—A large shrub or small tree, attaining a height of about 10 feet. Produces an abundance of double pink flowers in May. The fragrant flowers resemble miniature roses. 2 to 3 ft., 60c each; \$5.00 per 10. 18 to 24 in., 40c each, \$3.50 per 10.

**Crab, Dolga**—A very ornamental Crab producing an abundance of brilliant red fruits that stay on late in the fall.

5 to 6 ft., \$1.50 each; \$12.50 per 10. 4 to 5 ft., \$1.00 each; \$8.50 per 10.

**Cranberry, High Bush**—A very ornamental shrub with white flowers in late spring, followed by bright scarlet berries. Height, 8 feet. 2 to 3 ft., 50c each; \$4.25 per 10

**Currant, Alpine**—A very dense growing shrub, with fine, dark green leaves. Height 3 to 4 feet. A very desirable plant where the soil is well drained.

18 to 24 in., 50c each; \$4.25 per 10.

**Dogwood, Red-Twigged**—Grows 8 to 10 feet high, with clusters of white flowers, succeeded by ornamental berries in the fall. Stem and branches turn a blood red in the winter. 2 to 3 ft., 40c each; \$3.50 per 10. 18 to 24 in., 30c each; \$2.50 per 10.

\*See Hedge Plants also.

**Dogwood, [Golden] Twigged**—Similar to the Red Dogwood except that the bark is yellow and the bush is more dense in its habit of growth. 3 to 4 ft., 75c each; \$6.50 per 10. 2 to 3 ft., 50c each; \$4.25 per 10.

**Dogwood, Variegated**—A variety similar to the Red Dogwood except that the leaves are green with a white stripe through the center. A very desirable shrub for group planting.

2 to 3 ft., 75c each; \$6.50 per 10.

**Elder, Cutleaf**—A shrub of about the same habits of growth as the common Elder, with green foliage which is very deeply cut. It adds a delicate appearance to a group of shrubs. 2 to 3 ft., 50c each; \$4.25 per 10.

**Elder, Golden**—A shrub of medium height, with bright yellow foliage. Valuable in group planting in contrast to the mass of green foliaged plants. 2 to 3 ft., 50c each; \$4.25 per 10.

**Honeysuckle, Morrowi**—Blooms freely and is covered with bright red berries from August until winter. Height 5 to 6 ft. Pink blossoms. 3 to 4 ft., 75c each; \$6.50 per 10. 2 to 3 ft., 50c each; \$4.25 per 10. 18 to 24 in., 30c each; \$2.50 per 10.

**Honeysuckle, Tatarian Pink**—A very attractive shrub that produces an abundance of fragrant flowers in the spring, and bright red fruit in autumn. Plant is upright in growth and attains a height of about 8 feet. 3 to 4 ft., 60c each; \$5.00 per 10. 2 to 3 ft., 40c each; \$3.50 per 10. 18 to 24 in., 30c each, \$2.50 per 10.

\*See Hedge Plants also.

**Hydrangea Arborescens (Hills-of-Snow)—**

Excellent for borders or low foundation plantings. Blooms profusely in July and first part of August. Height 3 to 4 feet. Well adapted to shady places.

2 to 3 ft., 50c each, \$4.25 per 10.

**Hydrangea Peegee**—Every home should have some of these in the yard. Blooms in late summer. Flowers are white at first and then turn to a pink and later to purple. Does well in partial shade.

2 to 3 ft., 50c each; \$4.25 per 10. 18 to 24 in., 40c each; \$3.50 per 10.

**Lilac, Common Purple**—2 to 3 ft., 35 each; \$3.00 per 10.

**Lilac, Charles the Tenth**—A deep red French Hybrid. 2 to 3 ft., 50c each; \$4.25 per 10.

**Lilac, Persian, Rothmogensis**—A very profuse blooming, red Lilac. The plants do not grow more than 5 to 6 feet high.

2 to 3 ft., 40c each; \$3.50 per 10.

**Philadelphus, Golden**—A compact shrub of an ultimate height of 4 feet, with very brilliant yellow foliage. It is a mass of white flowers in May and June.

18 to 24 in., 60c each; \$5.00 per 10.

**Philadelphus, Grandiflora (Big Scentless)**—A very large flowered variety of Mock Orange. Height, 7 to 8 feet.

2 to 3 ft., 50c each; \$4.25 per 10.

**Philadelphus, Lemoinei**—White flowers in May. A small shrub attaining a height of about 5 feet. Branches slender and arching. One of the best dwarf, spring flowering, sweet scented shrubs.

18 to 24 in., 35c each; \$3.00 per 10.

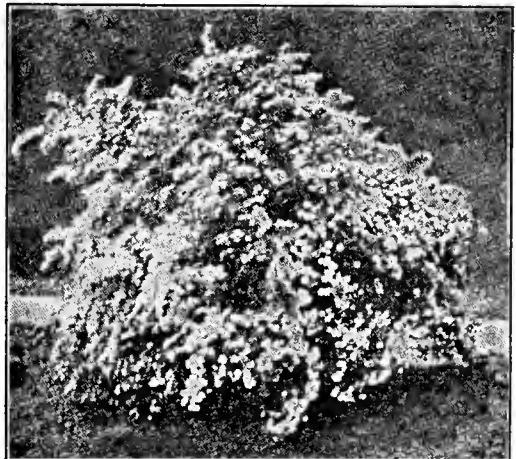

**Philadelphus, Virginal**—A magnificent new variety. Medium height with good foliage and compact habit. Flowers large, double and semi-double.

3 to 4 ft., 90c each; \$7.50 per 10.

**Russian Olive**—A large shrub with attractive silver gray foliage. Desirable in large group plantings. 2 to 3 ft., 35c each; \$3.00 per 10.

**Plum, Double Flowering**—Dwarf in habit and produces masses of double pink flowers in early spring. This plant is very much like the pink double Flowering Almond, but is hardier and a better plant for our climate. Height 6 to 8 feet.

4 to 5 ft., \$1.25 each; \$10.50 per 10. 3 to 4 ft., 75c each; \$6.50 per 10. 2 to 3 ft., 50c each; \$4.25 per 10.

*Spirea Vanhouttei (Bridalwreath)*

**Plum, Cistena**—Bright red foliage. Height, 8 to 10 feet.

4 to 5 ft., \$1.25 each; \$10.50 per 10. 3 to 4 ft., 75c each; \$6.25 per 10. 2 to 3 ft., 40c each; \$3.50 per 10.

**Plum, Purple-Leaf (Newport)**—A beautiful dark purple-leaved variety of Plum, carrying its rich color throughout the season. This is valuable in group planting where varied coloring is desirable. Height, 8 to 10 feet. 5 to 6 ft., \$1.50 each; \$12.50 per 10. 4 to 5 ft., \$1.25 each; \$10.50 per 10. 3 to 4 ft., 75c each; \$6.25 per 10.

**Snowball**—A popular shrub attaining a height of 6 to 8 feet and having large, round compact clusters of white flowers in May and June. 2 to 3 ft., 50c each; \$4.25 per 10.

**Snowberry**—A very valuable shrub in group plantings. Conspicuous on account of the masses of snow white berries produced in September and remaining on the bushes into the winter months. Height, 4 to 5 feet.

2 to 3 ft., 50c each; \$4.25 per 10.

**Spirea Anthony Waterer**—Beautiful dark small foliage and dense, rounded growth. Produces an abundance of rosy crimson flowers during July and August. Height about 2 feet. Well adapted for foundation and low border plantings.

15 to 18 in., 40c each; \$3.50 per 10. 12 to 15 in., 30c each; \$2.50 per 10.

**Spirea Arguta (Snow Garland)**—Very fine light green foliage producing an abundance of small white flowers very early in the spring. Height about 4 feet.

2 to 3 ft., 50c each; \$4.25 per 10. 18 to 24 in., 35c each; \$3.00 per 10.

**Spirea Callosa Alba**—Similar to Anthony Waterer in growth and habit. Produces an abundance of white flowers, June to August. 12 to 18 in., 35c each; \$3.00 per 10. 9 to 12 in., 25c each; \$2.10 per 10.

**Spirea Frobelli**—Similar to Anthony Waterer, but a trifle taller with broader and darker leaves. 2 to 3 ft., 50c each; \$4.25 per 10.

**Spirea Sorbitolia (Ash-Leaved Spirea)**—A medium sized shrub producing white, feathery spikes of flowers about 6 to 8 inches long on the ends of the branches. Blooms in July. 18 to 24 in., 35c each; \$3.00 per 10.

**Spirea Thunbergi**—Forms a dense, fluffy bush, 3 to 5 feet high; the feathery foliage, which is a peculiar but pleasing shade of yellowish green, changes in autumn to bright red and orange. Produces masses of pure white flowers very early in the spring. 12 to 18 in., 25c each; \$2.10 per 10.

**Spirea Vanhouttei (Bridalwreath)**—Very desirable on account of its beautiful foliage and graceful habit of growth, as well as the masses of white flowers.

3 to 4 ft., 50c each; \$4.25 per 10. 2 to 3 ft., 35c each; \$3.00 per 10. 18 to 24 in., 25c each; \$2.10 per 10.

\*See Hedge Plants also.

**Sumac, Fern Leaved**—A very graceful looking shrub when in leaf. Leaves are long and deeply cut. Height about 6 feet.

3 to 4 ft., 75c each; \$6.25 per 10.

**Tamarix**—Very fine foliage producing a fern like effect. Attains a height of 6 to 8 feet. Pink flowers July to September.

3 to 4 ft., 75c each; \$6.25 per 10. 2 to 3 ft., 50c each; \$4.25 per 10.

**Weigelia, Eva Rathke**—A very beautiful shrub producing an abundance of pink blossoms in June and July, Height, 5 feet. 2 to 3 ft., 75c each; \$6.25 per 10.

**Willow, Pussy**—This is an improved variety of the wild Pussy Willow, producing very large catkins.

5 to 6 ft., \$1.00 each; \$8.50 for 10. 4 to 5 ft., 65c each; \$5.50 per 10. 3 to 4 ft., 35c each; \$3.00 per 10. 2 to 3 ft., 20c each; \$1.75 per 10.

## HEDGES

**H**EDGES are useful from both a utilitarian and an artistic standpoint. An ornamental hedge frames the lawn and gives it a background. 25 plants at 100 rates.

**Barberry, Japanesc**—This low growing plant is best adapted for a hedge used as a border where the view of other objects is not to be obscured. This is a spreading plant with beautiful foliage that turns a scarlet in the latter part of the season. Used also as individual specimens and as border plants in groupings. May be trimmed or left informally.

18 to 24 in., \$2.50 per 10; \$22.50 per 100. 12 to 18 in., \$2.00 per 10; \$18.50 per 100.

**Buckthorn**—Probably the best hedge plant where a rather high hedge or screen is wanted. This plant is very hardy, a vigorous grower, stands pruning exceptionally well.

3 to 4 ft., \$2.25 per 10; \$20.00 per 100. 2 to 3 ft., \$2.00 per 10; \$17.50 per 100. 18 to 24 in., \$1.75 per 10; \$15.00 per 100. 12 to 18 in., \$1.50 per 10; \$12.50 per 100. 12 to 18 in. seedlings, 70c per 10, \$6.00 per 100. 6 to 12 in. seedlings, 50c per 10; \$4.00 per 100.

**Caragana**—On account of its extreme hardiness it is well adapted to dry exposed conditions.

3 to 4 ft., \$2.25 per 10; \$20.00 per 100. 2 to 3 ft., \$2.00 per 10; \$17.50 per 100.

18 to 24 in., \$1.50 per 10; \$12.50 per 100.

18 to 24 in. seedlings, 70c per 10, \$5.00 per 100.

12 to 18 in. seedlings, 40c per 10; \$2.50 per 100.

**Cotoneaster**—The thick glossy leaves of this beautiful shrub turn to an attractive red in the fall. Stands trimming well. A medium height hedge.

2 to 3 ft., \$2.75 per 10; \$25.00 per 100.

18 to 24 in., \$2.00 per 10; \$17.50 per 100.

12 to 18 in., \$1.50 per 10; \$12.50 per 100.

Barberry, Japanese

**Dogwood, Red-Twigged**—A very satisfactory hedge where a tall screen is desired. Branches turn to blood red in the winter.

2 to 3 ft., \$3.25 per 10; \$30.00 per 100.  
18 to 24 in., \$2.75 per 10; \$25.00 per 100.

**Honeysuckle, Tartarian Pink**—A beautiful, compact, rather tall hedge.

2 to 3 ft., \$3.25 per 10; \$30.00 per 100.  
18 to 24 in., \$2.75 per 10; \$25.00 per 100.

**Hedgewood (Salix Uralensis)**—A new plant which is very desirable for either a trimmed

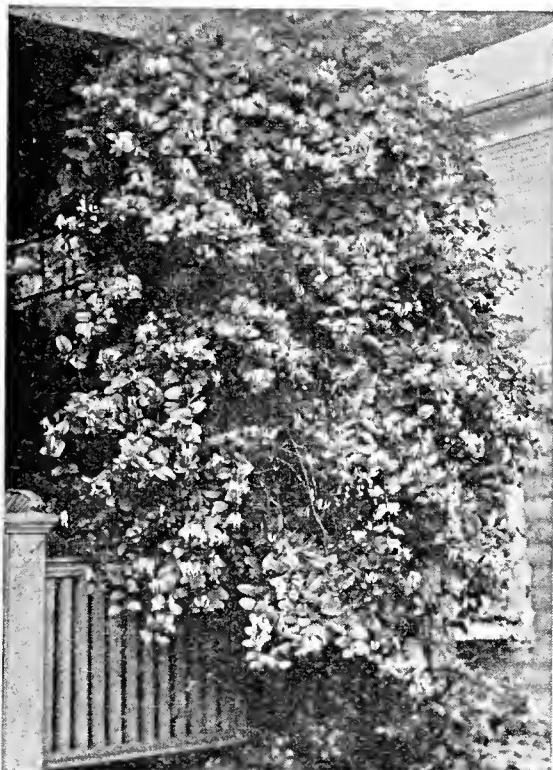

or untrimmed hedge. Its small red twigs, branches and beautiful fine gray leaves give the hedge an appearance of gracefulness. Hedgewood is one of the hardiest plants we have and will do well in any soil.

3 to 4 ft., \$1.75 per 10; \$12.50 per 100.  
2 to 3 ft., \$1.25 per 10; \$8.00 per 100.

**Spirea Van Houtti (Bridal Wreath)**—A very beautiful hedge, requiring no trimming.

2 to 3 ft., \$2.75 per 10; \$25.00 per 100.  
18 to 24 in., \$2.10 per 10; \$20.00 per 100.

## CLIMBING VINES

Scarlet Trumpet Honeysuckle

**Bittersweet**—A native vine in Minnesota. Produces an abundance of bright red berries that are used for decorative purposes in the winter. Very hardy. Good for covering trellises and screen porches.

Large plants, 50c each, \$4.25 per 10.

**Clematis Jackmani**—The most popular variety of Clematis. Produces an abundance of large, violet-purple blossoms in July and August. Large plants, 75c each; \$6.50 per 10.

**Clematis M'me Andre**—Similar to Jackmanni with red flowers.

Large plants, 75c each; \$6.50 per 10.

**Engelmann Ivy**—There is none better, where one wishes a clinging vine. This Ivy grows very fast and clings to any rough surface, such as brick or stucco. It is very hardy. Large plants, 40c each; \$3.50 per 10.

**Dutchman's Pipe**—Exceptionally large, heart shaped leaves. Brownish flowers resembling pipes. A rapid grower.

Large plants, \$1.00 each; \$8.50 per 10.

**Scarlet Trumpet Honeysuckle**—A strong grower, with deep green foliage. Very free flowering and fragrant. Good for covering banks or trellises.

Large plants, 50c each; \$4.25 per 10.

## IRIS

Iris are indispensable in the border planting. They are prolific bloomers and perfectly hardy. Will stand partial shade, 25c each; \$2.10 per 10.

**Loreley**—White, shaded with yellow.

**Nibelungen**—Fawn yellow.

**Perfection**—Blue and dark violet.

**Quaker Lady**—Smoky lavender, shading to deep blue.

**Queen of May**—Pink.

**Phlox Sublata**—Very dwarf. Pink blossoms very early in the Spring. Indispensable in the border as it is one of the earliest plants to bloom in the Spring. 25c each; \$2.10 per 10.

**Bleedingheart**—Perfectly hardy and easily cultivated. Blooms in April and May. 35c each; \$3.00 per 10.

## OTHER PERENNIALS

Because of lack of space, we are not listing the many varieties of perennials. However we have a complete line of strong, field grown roots.

25c each; \$2.10 per 10.

## RUGOSA HYBRID ROSES

Hansa

**Agnes**—The best yellow in the hardy Rugosa hybrids. A profuse bloomer. Bush is dwarf in habit. **75c each; \$6.00 per 10.**

**Amelie Gravereaux**—Carmine red, full double, very fragrant. One of the new and very choicest of Rugosa hybrids. Is a liberal bloomer, often carrying a dozen blooms within eight weeks after planting. This is a hardy and thrifty bush of beautiful foliage which makes a real attraction as a shrub. We consider this new creation a Rose "par excellence." **60c each, \$5.00 per 10.**

**Blanc de Coubert**—A wonderful introduction in a hardy white rose. **60c each; \$5.00 per 10.**

**Grootendorst**—A new type of Rose that might properly be called a Rugosa-Baby Rambler; a cross between the Rugosa and Crimson Baby Rambler. Valuable as an individual shrub and in groups. It is absolutely hardy and continues to bloom late in the fall. 2 year plants. **60c each; \$5.00 per 10.**

**Hansa**—Early Flowering hybrid, combining the ornamental qualities of its Rugosa foliage with the blossom beauty and the perfume of the hybrid perpetuums. The flowers are cup-shaped, double, crimson and especially fine. Blooms throughout the season. 2 year plants. **60c each; \$5.00 per 10.**

## CLIMBING ROSES

**Excelsa**—A red climbing Rose similar to Dorothy Perkins. The beautiful crimson-scarlet, double flowers are borne in large clusters and set in glossy, shining foliage. **60c each; \$5.00 per 10.**

## PEONIES

**W**E HAVE selected and grow only the following varieties of peonies, because they have proven the most reliable. These varieties not only produce very good blooms but the plants are attractive throughout the summer by producing heavy foliage.

We furnish only strong, three to five eye divisions of the following varieties.

**50c each; \$4.25 per 10.**

**Felix Crousse**—Very brilliant red. Medium to large, globular, typical bomb shape; fragrant; strong growth; stem rather weak. Mid-season.

**Festiva Maxima**—Paper white, with crimson markings in the center. Very large and full; very tall, strong grower. Early.

**Karl Rosenfeld**—Early red. Very large flower; globular, semi-rose type. Extremely vigorous grower, tall and free flowering.

**Madame Forcl**—Enormous, very full, double bloom, called the "Prince of Pink Peonies," a title it well deserves.

**Prince of Darkness**—Typical rose type blossoms of very dark maroon. Mid-season.

Festiva Maxima

# J. V. BAILEY NURSERIES

## Daytons Bluff Station, R. R. No. 2, St. Paul, Minnesota

Enclosed please find Draft, Express or P. O. Order for \$..... Please ship  
the following by Freight, Express or Mail to

Name.....

**Post Office.....**

**Street or R. F. D.....** **State.....**

R. R. Station.....Via.....

In case we are sold out of some size or variety, shall we return the money or fill with some equally desirable kind?

We use the greatest precautions to have everything we send out true to name, but in the event the nursery stock or any part of it, sold by J. V. Bailey Nurseries, should prove to be untrue to the name under which it is sold, or prove not to be of the kind or quality of nursery stock it was sold for, or ordered for, a replacement of the stock as originally ordered, or intended to be sold, without charge therefor, or a refund of the purchase price, shall be a complete and entire satisfaction for any and all liability therefor of the seller, and such replacement or a refund of the purchase price it is agreed shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises. Except for such limited liability as herein set out, the seller, J. V. Bailey Nurseries, gives no undertaking or warranty expressed or implied as to the description, quality, growth, productiveness, or any other attribute of the nursery stock sold by J. V. Bailey Nurseries. This order contains all the agreements between the parties, and there are no verbal agreements or representations with respect to the same except as herein set out.

## EVERGREENS

**E**VERGREENS present a broad opportunity for plant lovers to produce rich and beautiful effects that cannot be surpassed by any other class of plants. Evergreens are used for specimens on lawns, also extensively for massing, shelterbelts, screens, hedges, etc. They form perfect backgrounds for the flowering shrubs of early spring, for the berries of autumn and winter's tracery of bright bark and twigs. Beautiful beds of permanent color are formed by grouping together sorts of moderate growth, with contrasting foliage.

To be successful in planting evergreens, the planter should use great care to obtain stock that has been properly grown in the nursery, and frequently transplanted while growing to insure a thick, fibrous root system. We are very careful to offer only such stock as will measure up to the above mentioned important requirements, thereby saving our customers from disappointment.

In the larger size Evergreens it is necessary, for the best results, to ball and burlap the roots. That consists of digging the trees and wrapping the roots in a solid ball of dirt. The following prices include Balling and Burlapping (B & B) free of charge.

We keep a large assortment of evergreens in our sales yard, dug fresh every day, and consequently, it is not necessary to go out into the fields to select your trees.

**NOTE**—Add 10% for packing "B & B" evergreens for shipment.

### ARBORVITAE

**Arborvitae, American**—Does well in a sunny location, but will stand some shade. A moist location is preferred.

5 to 6 ft., \$7.50 each; 4 to 5 ft., \$5.00 each; 3 to 4 ft., \$3.50 each;  
2 to 3 ft., \$2.00 each; 18 to 24 in., \$1.00 each.

**Arborvitae, Globe**—A globe-shaped Arborvitae which does not require pruning to retain its shape. This variety is slow growing and can be used to advantage planted on either side of the entrance to a dwelling. They may also be planted in large pots.  
2 to 3 ft., \$5.00 each; 18 to 24 in., \$3.00 each.

**Arborvitae, Golden**—It forms a broad, bushy pyramid, very similar in outline to the American A.V. They add a note of contrast among the green of other trees.

3 to 4 ft., \$3.50 each; 2 to 3 ft., \$3.00 each.

**Arborvitae, Pyramidal**—Undoubtedly the most popular form of Arborvitae today. This tree fills a real need in landscaping and has a place of importance in practically every evergreen planting. Thrives best on a south or east exposure. 3 to 4 ft., \$4.00 each; 2½ to 3 ft., \$2.75 each; 2 to 2½ ft., \$2.00 each; 18 to 24 in., \$1.25 each.

**Arborvitae, Siberian**—A symmetrical, compact grower, very long lived. A dwarf, broad pyramidal tree.

2 to 2½ ft., \$3.50 each; 2½ to 3 ft., \$5.00 each.

### FIR

**Fir, Concolor**—As an ornamental tree, Concolor Fir is excellent, the general outline being symmetrical but without stiffness. We obtain our seed from northern Colorado, which produces trees of absolute hardiness, with striking foliage varying in color from light green to deep soft blue.

4 to 5 ft., \$9.00 each; 3 to 4 ft., \$6.50 each; 2½ to 3 ft., \$5.50 each.

**Fir, Douglas**—A rapid grower that thrives well in almost any location. 8 to 10 ft., \$15.00 each; 6 to 8 ft., \$12.50 each; 3 to 4 ft., \$4.00 each; 2 to 3 ft., \$1.50 each.

*Juniperus Virginiana Glauca*

*Arborvitae, Pyramidal*

*Arborvitae, American*

*Juniperus, Black Hills Creeping*

*Juniperus Virginiana (Red Cedar)*

*Juniperus Communis*

## JUNIPERS

***Juniperus, Andora***—A very fine dwarf spreading Juniper. Especially attractive in the late fall and winter when the needles turn a bright brown.

3 to 4 ft. spread, \$7.50 each; 18 to 24 in. spread, \$2.50 each.

***Juniperus, Black Hills Creeping***—A very desirable dwarf for rock gardens and border planting.

2 to  $2\frac{1}{2}$  ft., spread, \$4.00 each; 18 to 24 in. spread, \$2.50 each.

***Juniperus Chinensis***—A very satisfactory pyramidal tree. A feature which makes this tree so much desired is its extremely robust nature and the ease with which it can be transplanted. 5 to 6 ft., \$7.50 each; 4 to 5 ft., \$6.00 each. 3 to 4 ft., \$4.00 each; 2 to 3 ft., \$2.50 each.

***Juniperus Communis***—A dwarf spreading type of cedar. Extremely hardy. 3 to 4 ft. spread, \$5.00 each;  $2\frac{1}{2}$  to 3 ft. spread, \$4.50 each; 15 to 18 in. spread, \$1.00 each.

***Juniperus Pfitzeriana (Pfitzers' Jun.)***—A very hardy evergreen of medium height with spreading branches. We have it available in the upright form or dwarf form. A very fine ornamental evergreen for informal planting. 3 to 4 ft., \$7.50 each;  $2\frac{1}{2}$  to 3 ft., \$5.00 each; 2 to  $2\frac{1}{2}$  ft., \$4.00 each; 18 to 24 in., \$2.50 each.

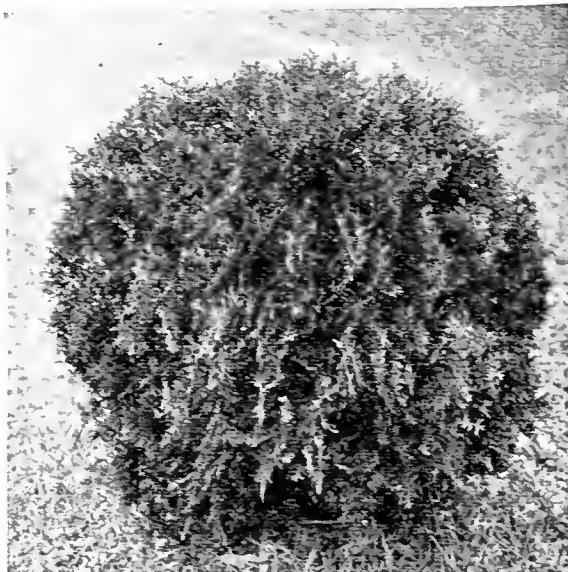

***Juniperus Sabina***—A beautiful dwarf, spreading Cedar. Dark green foliage. One of the best dwarfs for foundation and group plantings. 3 to 4 ft. spread, \$4.50 each;  $2\frac{1}{2}$  to 3 ft. spread, \$4.25 each; 2 to  $2\frac{1}{2}$  ft. spread, \$3.50 each; 18 to 24 in. spread, \$2.50 each; 12 to 18 in. spread, \$1.50 each.

***Juniperus Excelsa Stricta (Spiny Greek Jun.)***—A very compact dwarf, pyramidal tree. Height about 4 feet. 12 to 18 in., \$2.50 each.

***Juniperus Sargent's***—A very rugged growing trailer. This is a rare variety of distinct character. 3 to 4 ft. spread, \$6.00 each;  $2\frac{1}{2}$  to 3 ft. spread, \$5.00 each; 2 to  $2\frac{1}{2}$  ft. spread, \$4.00 each.

***Juniperus Scopulorum (Silver Cedar)***—Similar to Red Cedar except that it is a beautiful silver color.

8 to 9 ft., \$17.00 each; 7 to 8 ft., \$15.00 each; 6 to 7 ft., \$13.00 each; 5 to 6 ft., \$10.00 each.

*Arborvitae, Globe*

***Juniperus Virginiana* (Red Cedar)**—This tree is valuable for group plantings as well as for specimen trees. As winter comes on, the tips of the new foliage present a brownish appearance and make a very beautiful picture.

8 to 9 ft., \$15.00 each; 7 to 8 ft., \$12.50 each; 6 to 7 ft., \$10.00 each; 5 to 6 ft., \$7.50 each; 4 to 5 ft., \$6.00 each; 3 to 4 ft., \$4.00 each; 2 $\frac{1}{2}$  to 3 ft., \$3.00 each; 2 to 2 $\frac{1}{2}$  ft., \$2.00 each; 18 to 24 in., \$1.00 each.

***Juniperus Virginiana Cannarti***—A pyramidal tree with rich, green foliage. Used sometimes in place of Pyramidal Arborvitae because of its hardiness.

6 to 7 ft., \$15.00 each; 5 to 6 ft., \$13.00 each; 4 to 5 ft., \$10.00 each; 3 to 4 ft., \$7.00 each.

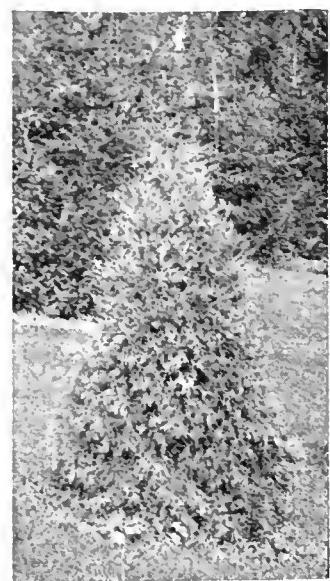

***Juniperus Virginiana Glauca***—Similar in habit of growth to Cannarti. Foliage a bright silver.

6 to 7 ft., \$15.00 each; 5 to 6 ft., \$13.00 each; 4 to 5 ft., \$10.00 each; 3 to 4 ft., \$7.00 each.

***Juniperus Waukeegan***—Another very good trailer with dark blue foliage. 3 to 4 ft. spread, \$5.00 each.

*Juniperus Virginiana Cannarti*

*Juniperus Scopulorum*  
(Silver Cedar)

Pfitzner's Juniper

Pine, Scotch

Pine, Norway

Spruce, Colorado Blue

## SPRUCE

**Spruce, Black Hills**—Next to the Colorado Spruce these trees are the most popular of the Evergreens. They are noted for their deep green color and symmetrical habit of growth.

5 to 6 ft., \$9.00 each; 4 to 5 ft., \$6.00 each; 3 to 4 ft., \$4.00 each; 2½ to 3 ft., \$3.00 each; 2 to 2½ ft., \$2.50 each; 18 to 24 in., \$1.50 each.

**Spruce, Colorado Blue**—This is the most popular Evergreen for specimen planting. Color of foliage ranges from green to a silver blue. We have a very fine large stock of this variety and offer unlimited selection. Note that we make 3 color grades that are priced accordingly.

Prices of Selected Blue Shiners: 5 to 6 ft., \$18.00 each; 4 to 5 ft., \$11.50 each; 3½ to 4 ft., \$9.00 each; 3 to 3½ ft., \$7.00 each; 2½ to 3 ft., \$5.00 each; 2 to 2½ ft., \$4.00 each; 18 to 24 in., \$3.00 each.

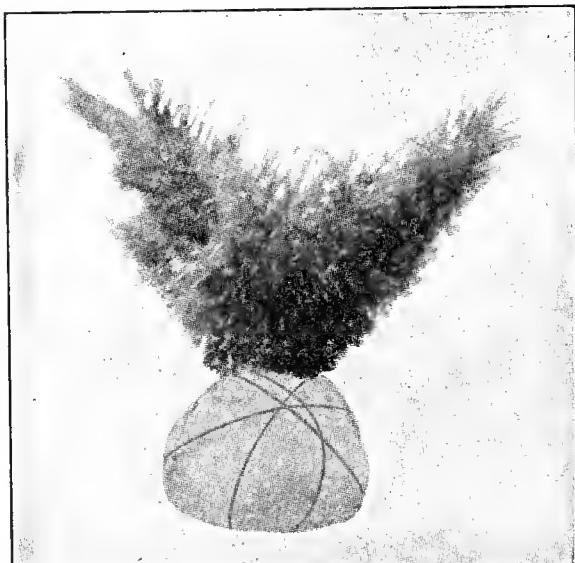

Prices of Blue-Greens: 5 to 6 ft., \$16.50 each; 4 to 5 ft., \$9.75 each; 3½ to 4 ft., \$6.50 each; 3 to 3½ ft., \$6.00 each; 2½ to 3 ft., \$4.25 each; 2 to 2½ ft., \$3.25 each; 18 to 24 in., \$2.25 each.

Prices of Colorado, green in color, but as good in every other way: 5 to 6 ft., \$15.00 each; 4 to 5 ft., \$8.00 each; 3 to 4 ft., \$4.50 each; 2½ to 3 ft., \$3.50 each; 2 to 2½ ft., \$2.50 each; 18 to 24 in., \$1.50 each.

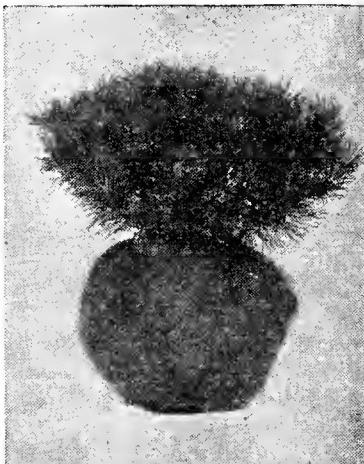

**Spruce, Norway**—5 to 6 ft., \$6.00 each; 4 to 5 ft., \$5.00 each; 3 to 4 ft., \$3.50 each; 2½ to 3 ft., \$2.50 each; 2 to 2½ ft., \$2.00 each.

## PLANTING EVERGREENS

Dig the hole a foot wider and deeper than the root ball. Place some good loamy top soil in the hole and set the tree a trifle lower than it stood in the nursery. Do not remove the burlap, as it disturbs root soil. It is only necessary to roll it back or cut it away from the top as the remainder will soon rot away. Then fill up around the ball with good top soil, packing firmly by tamping or settling with water and finish off with loose soil. Ask for complete planting instruction booklet.

Juniperus, Sabina

Pine, Mugho

## SHADE AND ORNAMENTAL TREES

**Ash, Green**—A tall rapid grower with smooth gray bark and glossy fern-like leaves. A very good shade tree.

10 to 12 ft., \$2.00 each. 8 to 10 ft., \$1.00 each.  
6 to 8 ft., 75c each.

**Ash, Mountain**—A beautiful lawn tree which is very attractive the latter part of the summer, when it is covered with masses of red berries. Height, 15 to 20 feet. 8 to 10 ft., \$2.00 each.

**Ash, Weeping Mountain**—A novel tree for lawn planting. Its long, drooping branches nearly reach the ground.  
Well developed heads, \$3.00 each.

**Basswood (Linden)**—A very hardy tree that is used extensively in place of the catalpa in our nothern climate.

2 to 2½ in. caliper, \$3.00 each; 1½ to 2 in. caliper, \$2.50 each. 1¼ to 1½ in. caliper, \$1.25 each. 6 to 8 ft., 75c each.

**Birch, Cutleaf Weeping**—An elegant, erect tree with slender drooping branches and finely cut leaves. The bark is white like the ordinary native Birch. There is no tree that will take the place of Cutleaf Birch for individual planting on the lawn.  
10 to 12 ft., \$4.50 each. 8 to 10 ft., \$3.75 each.  
6 to 8 ft., \$2.75 each.

**Butternut**—A well-known, hardy, nut-bearing tree. 6 to 8 ft., \$1.50 each.

**Catalpa**—8 to 10 ft., \$1.50 each.  
6 to 8 ft., \$1.00 each.

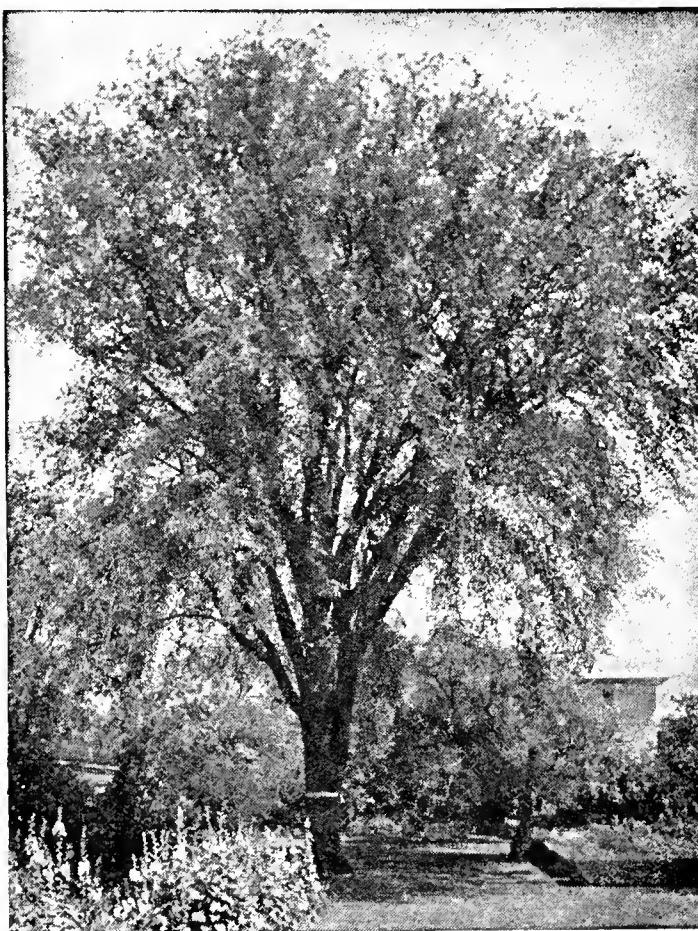

**Horse Chestnut**—6 to 8 ft., \$4.00 each.

**Elm, American**—A magnificent tree, growing 60 to 80 feet high, with drooping, spreading branches; one of the grandest of our native trees; makes a beautiful lawn or boulevard tree. The following prices are for well shaped specimen trees. The measurement in inches means the diameter of the tree just above the ground. We also have the grafted Moline and Vase types at no extra charge.

3 to 3½ in. caliper, \$5.00 each. 2½ to 3 in. caliper, \$3.50 each. 2 to 2½ in. caliper, \$2.50 each. 1½ to 2 in. caliper, \$2.00 each.

*Elm, Chinese*

*Elm, American*

*Poplar, Lombardy*

**Elm, Chinese**—A fast growing tree. Foliage very fine textured. Promising as a very good ornamental and windbreak tree. Stands drought exceptionally well.

1½ to 2 in. caliper, \$2.25 each; 8 to 10 ft., \$1.50 each; 6 to 8 ft., \$1.00 each; 5 to 6 ft., 75c each; 4 to 5 ft., 50c each.

**Hackberry**—6 to 8 ft., \$1.00 each.

**Maple, Norway**—8 to 10 ft., \$3.00 each; 6 to 8 ft., \$2.00 each.

**Maple, Schwedlers (Redleaf Maple)**—A very ornamental hard wood tree. Foliage is a bright red in the early part of the summer and then again in Autumn.

8 to 10 ft., \$4.00 each; 6 to 8 ft., \$3.00 each.

**Poplar, Bolleana**—One of the most desirable upright growing Poplars. A tall, narrow topped tree, leaves deeply cut, woolly underneath. Very effective for framing a landscape.

10 to 12 ft., \$2.50 each; 8 to 10 ft., \$1.50 each; 6 to 8 ft., \$1.25 each; 5 to 6 ft., \$1.00 each.

**Poplar, Lombardy**—A slender tree which grows to a great height; used to good effect in some landscape plans.

8 to 10 ft., \$1.25 each; 6 to 8 ft., 75c each; 5 to 6 ft., 50c each.

**Poplar, Norway**—A very hardy tree, attaining a height of about 50 feet. Very good for a quick windbreak.

6 to 8 ft., 75c each; 5 to 6 ft., 50c each; 4 to 5 ft., 25c each.

**Willow, Niobe Weeping**—A small tree, with graceful, golden, drooping branches. It is one of the best of the Weeping Willows. 6 to 8 ft., \$2.00 each; 5 to 6 ft., \$1.00 each.

## WINDBREAK AND WOODLOT TREES

### EVERGREENS (Transplants)

We list here, strong, field grown transplants, 5 and 6 years old. They are ready to be set right out in the wind break or wood lot. Immediately after digging, they are dipped in thick mud, which prevents them from drying out if properly handled. For descriptions see pages 9 to 12.

## APPLES

Wealthy

THESE trees are all 3 years old and are of the varieties that we consider best for our climate. We graft our own apples on roots that we grow ourselves, which assures you of the hardiest stock available. Our apples have withstood the drought the last two or three years, right alongside of trees that were on tender roots that died out.

Prices of all Apple and Crab Apple trees, except where noted:

No. 1,  $\frac{11}{16}$ " caliper, 75c each, \$6.50 per 10.  
No. 2,  $\frac{9}{16}$ " to  $\frac{11}{16}$ " caliper, 60c each; \$5.00 per 10.  
No. 3,  $\frac{7}{16}$ " to  $\frac{9}{16}$ " caliper, 45c each; \$4.00 per 10.  
Special Mail Order Size, Postpaid, 40c each;  
\$3.50 per 10.

Anoka—One of the earliest and heaviest bearing apples grown today. Fruit is large, with wonderful flavor. Color: red striped over yellow.

PRICES: No. 1,  $\frac{11}{16}$ " caliper, \$1.00 each; \$8.50 per 10. No. 2,  $\frac{9}{16}$ " to  $\frac{11}{16}$ " caliper, 85c each; \$7.50 per 10. No. 3,  $\frac{7}{16}$ " to  $\frac{9}{16}$ " caliper, 65c each; \$5.50 per 10. Special Mail Order Size, Postpaid, 50c each; \$4.50 per 10.

Delicious—A very high quality Apple suitable for Southern Minnesota, but to be tried only on a small scale in Central and Northern Minnesota or the Dakotas. Available in No. 1 grade only.

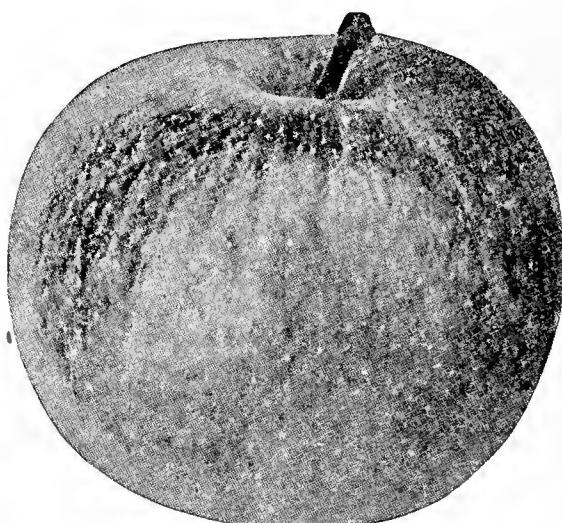

Duchess—Season, July and August. A vigorous growing, hardy tree and heavy bearer. Fruit is large, greenish yellow, striped with red. This is the standard early Apple for the Northwest.

Erickson—This apple was originated at Aitkin, Minnesota, a few years ago and is proving a real success as an early apple. The fruit which ripens about the same time as the Duchess, is very large and a deep red in color. The quality cannot be surpassed in an apple of this season.

Haralson—This new variety, which was originated at the Minnesota State Fruit Breeding Farm a few years ago, fills a long-felt want among apple growers of Minnesota. The fruit is about the same size and color as Wealthy, but later in season of ripening. A REAL WINTER KEEPER. Unlike the Wealthy the fruit hangs to the tree until picked. The tree grows very symmetrical and is perfectly hardy in Minnesota.

PRICES: No. 1,  $\frac{11}{16}$ " caliper, \$1.00 each, \$8.50 per 10. No. 2,  $\frac{9}{16}$ " to  $\frac{11}{16}$ " caliper, 85c each; \$7.50 per 10. No. 3,  $\frac{7}{16}$ " to  $\frac{9}{16}$ " caliper, 65c each; \$5.50 per 10. Special Mail Order Size, Postpaid, 50c each; \$4.50 per 10.

McIntosh—McIntosh has been grown for many years in the East, but it has just recently been found to be hardy in Minnesota and the Northwest. We have had trees fruiting for the past eight years in our orchards. We find them very profitable and feel safe in recommending McIntosh for planting in all sections except Northern Minnesota. It is a very attractive, well colored apple of exceptionally high quality. The fruit keeps until late winter.

Haralson

**Northwestern Greening**—A late winter Apple. The tree is a vigorous grower and fairly hardy. Fruit is very large; yellowish green when ripe; a good pie and baking Apple.

**Patten's Greening**—This Apple is popular on account of its hardiness and heavy yielding qualities. Fruit large, green with a pink blush; tree is thrifty and grows in a spreading form.

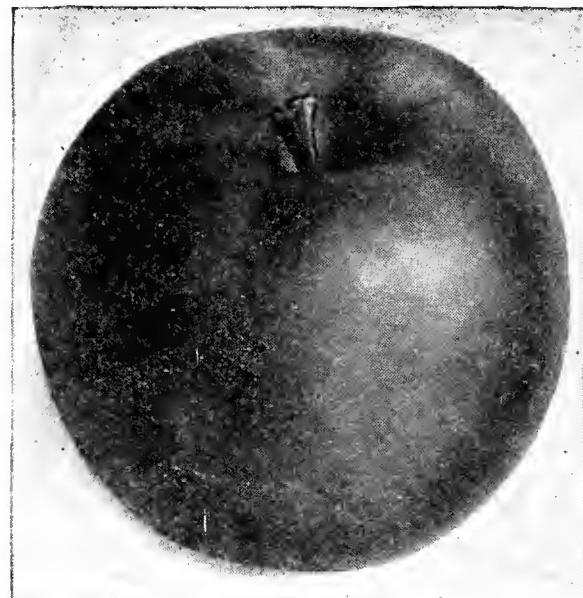

**Wealthy**—Wealthy is now considered the best Apple of its season both for home use and in commercial orchards. The tree is an upright grower and hardy. The fruit is medium to large in size, and colors up to a beautiful red; quality exceptionally good; will keep until January.

## CRAB APPLES

**Strawberry Crab**—An early Crab. Very hardy and good yielder. Used for eating raw and canning.

**Sweet Russet**—Somewhat larger than the other Crab varieties. A very heavy yielder. Fruit is sweet and tastes very much like pear. A good Apple for canning.

**Transcendent**—A well-known variety of Crab. The fruit is of the best for pickling or jelly.

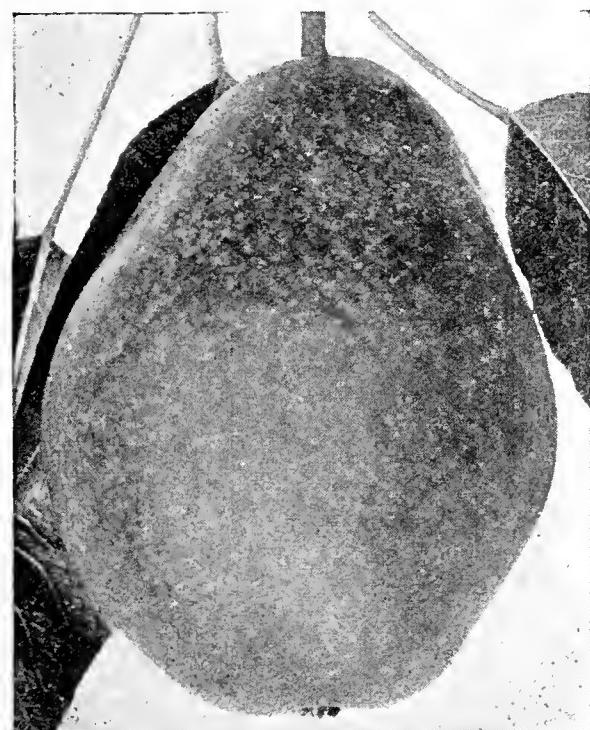

McIntosh

**Virginia Crab**—Very hardy and vigorous grower, does not blight, fruit fully as good as Transcendent for pickling or jelly. A prolific annual bearer.

**Whitney**—This is a hybrid, but is usually considered in the Crab class. Trees thrifty and upright in growth, an abundant yielder, ripens in August, fruit very high in quality.

## PEARS

Parker, (Minn. No. 1)

Until recently the growing of Pears in the Northwest has been considered impractical, but we can now safely recommend the following varieties as being hardy. Our trees are budded on *Pyrus ussuriensis*, a hardy Pear seedling that stands this climate.

Pears may be planted on any good soil suitable for apple growing. Pruning and spraying is similar to that required for apples. Why not have a few hardy pears with your other orchard trees.

No. 1,  $\frac{11}{16}$ " caliper, \$1.00 each; \$8.50 per 10.  
No. 2,  $\frac{9}{16}$ " to  $\frac{11}{16}$ " caliper, 85c each; \$7.50 per 10.  
No. 3,  $\frac{7}{16}$ " to  $\frac{9}{16}$ " caliper, 65c each; \$5.50 per 10.

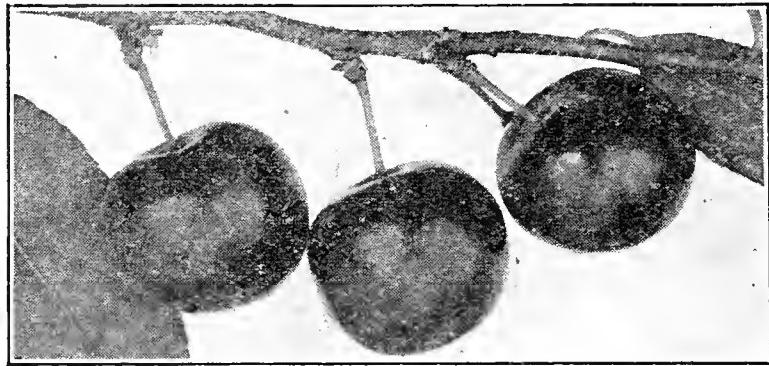

Special Mail Order Size, Postpaid, 50c each; \$4.50 per 10.

**Parker (Minn. No. 1)**—Tree a vigorous grower, perfectly hardy, blight resisting. Fruit large, good quality and heavy producer.

**Mendel**—Introduced by Mr. Pfaender of New Ulm, Minn. Tree is vigorous and is perfectly hardy. It is considered by many, equal to the Parker.

**Patten**—A very thrifty growing tree that is proving valuable in this locality.

## PLUMS

Oka

THE following varieties of plums are far superior to the older varieties, and we feel perfectly safe in recommending them. They are very fast growing and usually come into bearing the second year after setting. They are perfectly hardy in our climate, and we have selected and propagated the following varieties which have shown exceptional qualities.

Prices of all Plum Trees: 5 to 7 ft., 75c each; \$6.50 per 10. 4 to 6 ft., 60c each; \$5.00 per 10.

**Fiebing Prize**—A very large plum. Mid-season.

**LaCrescent**—An extremely vigorous tree, bearing pure yellow fruit of highest quality and delicate texture; most promising as an early home variety, but too tender for shipping.

**Monitor**—A late mid-season variety, with a vigorous, well shaped tree, producing large, red, firm fleshed fruits of high quality.

**Red Wing**—One of the largest Plums; ripens mid-season, with beautiful, red freestone fruits of high quality.

**Tonka**—An extremely productive variety, producing large, round, red fruit; of firm flesh and good quality.

**Underwood**—A large fruited, vigorous growing early maturing variety, especially popular on account of its size, red color, earliness and high quality.

**Waneta**—Fruit is very large and the tree is exceptionally hardy.

**Superior (Minn. No. 194)**—This new variety promises to surpass everything in the early varieties. Fruit is large and of high quality.

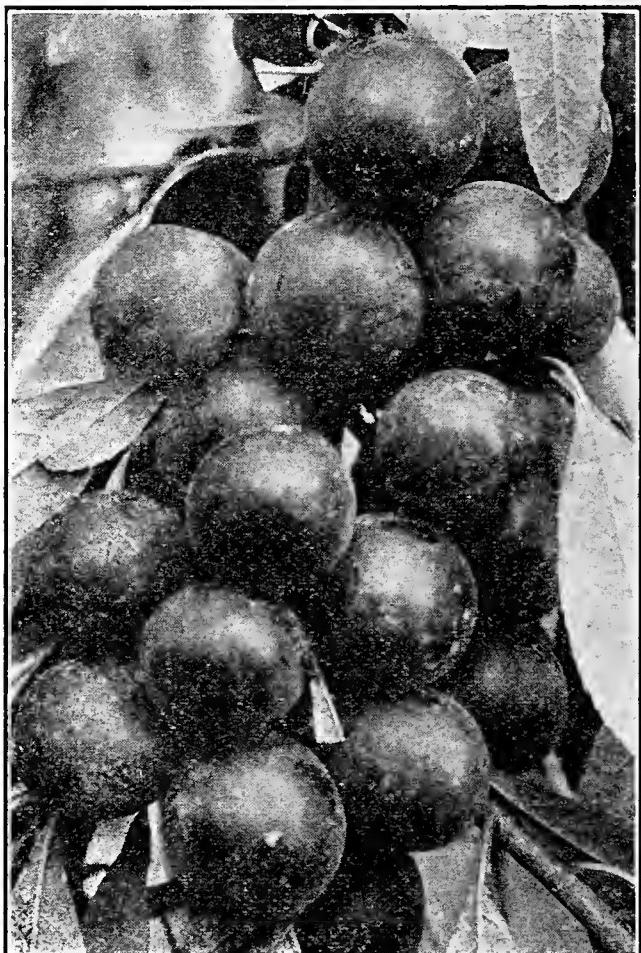

**Minn. No. 195**—Very similar to Superior, but not quite as thrifty.

## CHERRY - PLUMS

The hybrid Cherry-Plum, which is a cross between a plum and cherry, has the flavor of the cherry and is hardy like the native plum, and the birds do not bother them. They are heavy yielders and are excellent for canning. The following varieties are dwarf in their habit of growth which accounts for the smaller nursery tree.

Prices of Cherry-Plums: 4 to 6 ft., 75c each; \$6.50 per 10. 3 to 5 ft., 60c each; \$5.00 per 10. Special Mail Order Size, Postpaid, 40c each; \$3.50 per 10.

**Zumbra**—A hybrid containing the blood of the sweet cherry, wild pin cherry and sand cherry. It is a dwarf tree of the type of Sapa or Opata, a very productive variety. Quality is good, but should be thoroughly ripened before picking. Late mid-season.

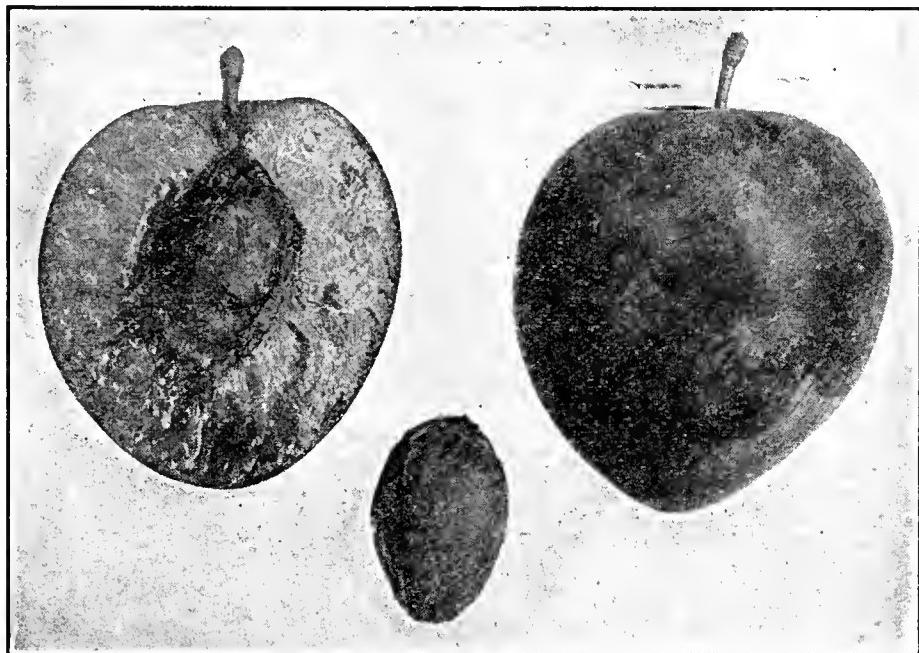

Zumbra

Either Zumbra or Nicollet will bear fruit alone but cross pollination is more complete when the two are planted close together.

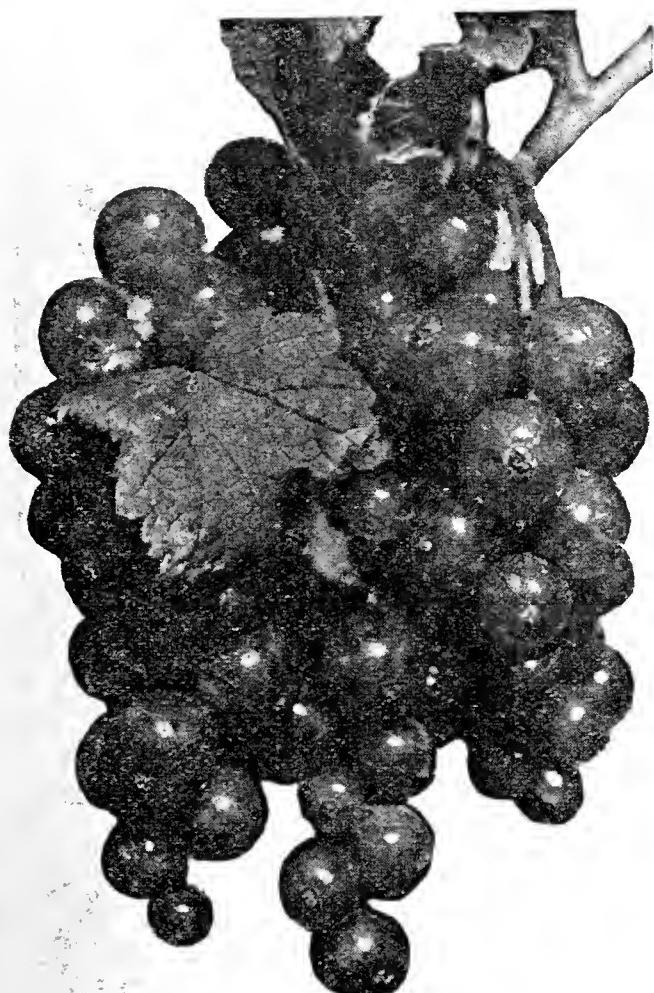

**Nicollet**—One of the latest productions of the Minnesota State Fruit Breeding Farm. The fruit almost a true cherry. When canned, one cannot detect the difference from canned cherries.

**Sapa**—A well-known introduction of Prof. Hanson's.

**Oka**—A very compact, vigorous growing tree. Heavy yielder.

Underwood

Red Lake Currant

## RED LAKE CURRANT

This new currant was originated recently at the Minnesota State Fruit Breeding Farm at Excelsior, Minnesota, and promises to replace all other varieties in the cherry currant class. The berry is very large and is borne on long stems forming exceptionally long well filled bunches. The quality of fruit is very good, the ripening season is medium and the plant a heavy yielder. While this new variety produces large berries in long bunches, its most valuable quality is the sturdy upright type of bush. This vigorous upright way of growing of Red Lake Currant is lacking in many of the older varieties. Because of the above qualities, Red Lake is undoubtedly going to be the leading currant.

2 yr. No. 1 plants, 35c each; \$3.00 per 10;  
\$25.00 per 100. 2 year No. 2 plants, 25 each;  
\$2.25 per 10; \$20.00 per 100.

## RASPBERRIES

**Chief**—Chief has already established itself as a berry filling an important place, and is undoubtedly the most popular early raspberry. The fruit, medium in size, bright red and firm, ripens early and extends over a long period, ripens even earlier than the King. Quality of fruit is excellent. The plants are vigorous in growth, perfectly hardy and seem to be almost resistant to mildew and mosaic. The wood ripens early and is a good plant maker. Chief has the good qualities looked for in a raspberry: earliness, hardiness, quality of fruit and yield.

No. 1 plants, \$1.00 per 25; \$3.00 per 100; \$20.00 per 1000. No. 2 plants, \$1.75 per 100; \$12.50 per 1,000. No. 3 plants, \$1.00 per 100; \$8.00 per 1000.

Chief

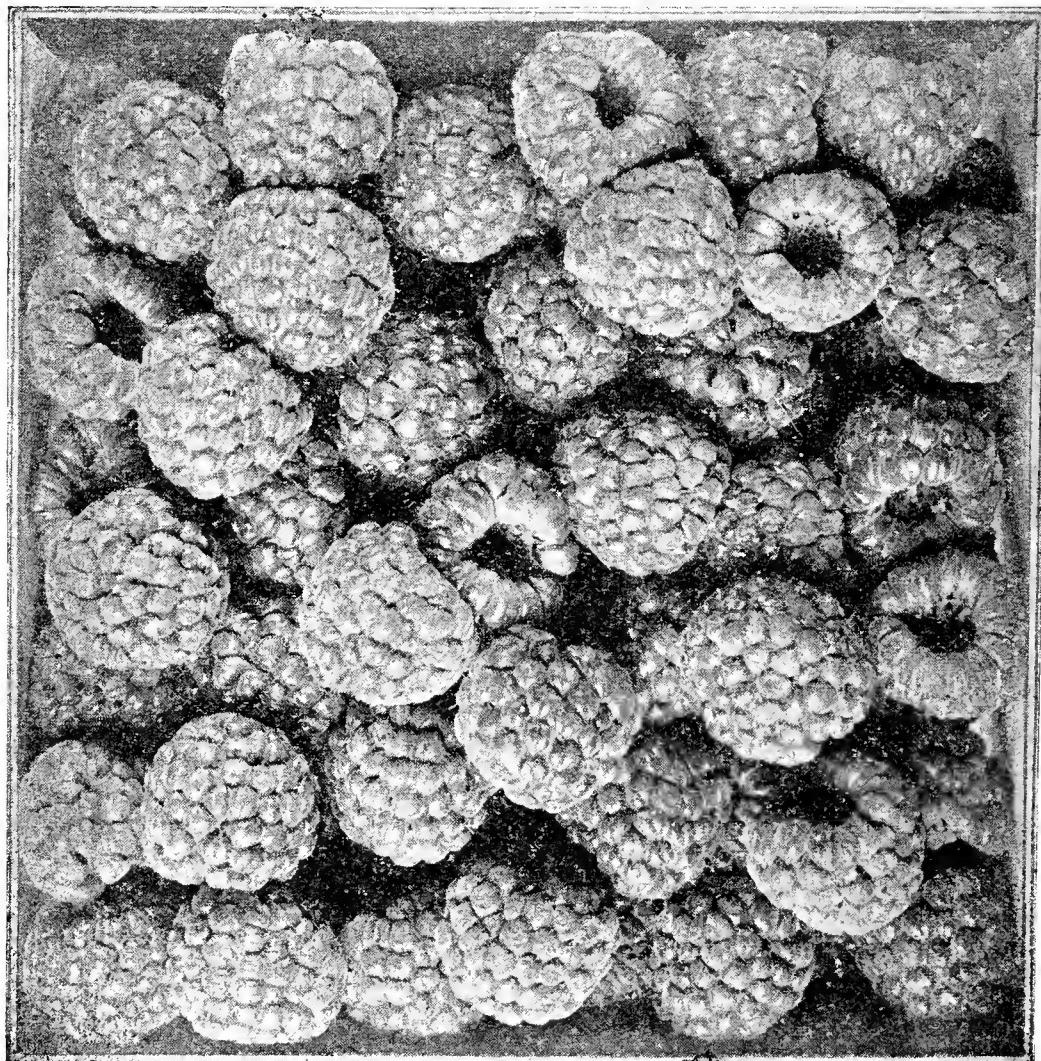

**Latham**—Now the most popular late Red Raspberry grown in this section of the country as well as in the East. A late, large, bright red berry of good quality. Lathan is hardy in the Northwest without winter protection.

No. 1 plants, \$1.25 per 25; \$4.00 per 100; \$30.00 per 1000. No. 2 plants, \$2.75 per 100, \$20 per 1,000. No. 3 plants, \$1.50 per 100; \$11.50 per 1000.

**Cumberland Black Raspberry**—One of the hardiest of the Black Raspberries.

No. 1 plants, \$1.75 per 25; \$5.00 per 100.

**Ancient Britton Blackberry**—No. 1 plants, \$1.75 per 25; \$5.00 per 100.

## GRAPES

**W**E propagate our Grape plants from wood taken from our own bearing vineyards, thus assuring plants that will be good yielders. We propagate Grapes in quantities, which permits us to offer them at exceptionally low prices.

Strong 2 year old plants, 25c each;  
\$2.25 per 10; \$4.50 per 25;  
\$15.00 per 100.

2 year No. 2 plants, 15c each;  
\$1.25 per 10; \$2.50 per 25;  
\$10.00 per 100.

**Alpha**—A variety very similar to Beta. It equals Beta in yield, size and hardiness, and is claimed by many to surpass Beta in quality.

**Beta**—We advise the Beta above all others for Minnesota and the Northwest. The vines are as hardy as the wild grape, which means they do not require protection in the winter as many of the other varieties do. Fruit is of the best quality to use for jelly or juice, as it has some of the wild grape flavor. Fruit is nearly as large as the Concord, and a much better yielder in this climate. Ripens the first of September.

**Concord**—A well-known variety of purple Grape which is semi-hardy in this climate.

**White Niagara**—A large variety of White Grape that is semi-hardy in Minnesota.

---

Beta Grapes

## GOOSEBERRIES

**Coho**—This is a vigorous grower, very productive, perfectly hardy and is not susceptible to the Gooseberry diseases. The ripe fruit is as green in color as it is before ripening.

2 year, No. 1, 30c each; \$2.50 per 10;  
\$20.00 per 100.

## GARDEN SPECIALS

### RHUBARB

**Mammoth Victoria**—This variety is larger and of better quality than any of the old varieties. Divided roots, 25c each; \$1.75 per 10.

### ASPARAGUS

**Martha Washington**—This variety was recently originated by the U. S. Department of Agriculture and is proving itself far superior to the older varieties.

2 year old plants, 75c per 25; \$2.00 per 100;  
\$12.00 per 1000.

## Care of Nursery Stock

When the stock is received, open the bundle in the shade out of the wind and, if you are not ready to plant immediately, heel the roots in the ground, soaking them well as you do. If well heeled in they can be kept without damage for a reasonable time. Ask for our free booklet on planting and care of nursery stock.

---

## STRAWBERRIES

**S**PECIAL care should be taken in the preparation of the soil before the plants are set. The strawberry has a comparatively shallow root system. For this reason moist soil is necessary when the plants are set. We make every effort to send strawberry plants out in the best of condition.

### June Bearing Varieties

**Beaver**—A berry quite similar to Premier but sets plants a little heavier.

40c per 25; \$1.00 per 100;  
\$7.00 per 1000.

**Premier (Stamineate)**—Plants grow large and are wonderfully productive. The berries are large and of a beautiful glossy red color. We have never found so many good qualities in an early berry.

50c per 25; \$1.25 per 100;  
\$10.00 per 1000.

**Senator Dunlap (Stamineate)**—Is to well known to require description. It is still a very popular Strawberry.

40c per 25; \$1.00 per 100;  
\$7.00 per 1000.

### Everbearing

Everbearing Strawberries will provide luscious fruit throughout the Summer and early Fall, and we urge you to plant at least some of these varieties.

**Progressive**—A well-known standard variety, very productive, fruit medium in size, high quality.  
75c per 25, \$2.00 per 100; \$12.00 per 1000.

**Mastodon**—We have tried out many varieties of Everbearing strawberries and have found Mastodon the best. It is a large strong plant which does well on any soil type. The fruit is large and high in quality. It is a variety we recommend as being superior to any other everbearer for commercial or home planting.

75c per 25; \$2.50 per 100; \$15.00 per 1000.

Mastodon

## Bailey's Ideal Home Strawberry Patch

This is an Ideal Assortment for the Home Garden

25 Progressive Everbearing, 25 Senator Dunlap, 25 Premier, 25 Beaver—a new early berry, exceptionally high in quality.

**SPECIAL—100 Plants, Postpaid for.....\$1.45**

## LAWN SEED

**Seeding Lawn**—Prepare the surface very thoroughly making certain that there are no soft spots that will settle later on. Seed one pound to every 300 square feet.

**"Gould's Reliable" Mixture**—1 pound (10c extra for postage), 50c. 3 pounds (15c extra for postage), \$1.30. 5 pounds (20c extra for postage), \$2.00. 10 pounds (25c extra for postage), \$3.75. 25 pounds (50c extra for postage), \$8.75. 100 pounds (f.o.b. St. Paul), \$33.00.

## FERTILIZER

We have tried out many fertilizers and find "Gromor" to be an excellent mixture for the lawn and shrubs. Put an application on and see the difference in the color of your lawn and in a few days you will not see any thin spots as each individual plant spreads out forming a dense mat.

Apply about three pounds per 100 square feet of lawn. For shrubbery one pound to 10 square feet.

5 pound cans (15c extra for postage), 50c; 25 pound bags (f.o.b. St. Paul), \$1.50; 50 pound bags (f.o.b. St. Paul), \$2.50; 100 pound bags (f.o.b. St. Paul), \$4.00.

## INSECTICIDE

**Arsenate of Lead**—4 pound bags, 70c each.

**Lime-Sulphur Solution**—Per gallon (in bulk only), 25c.
